The Seminary is taking note of the faculty members who are retiring in another 2-3 years. A few young people have been sent for further studies both under the Senate of Serampore D.Th., programs and Ph.D., from the American University.

Rev. Christudoss is doing his Doctoral Studies in History of Christianity at GLTC
Rev. T. Samuel is doing his Doctoral Studies in Christian Ministry (Counselling) at UTC

Two young men are doing their studies at the Concordia Seminary, St. Louis, USA in Theology and Biblical Studies.

All are members of the India Evangelical Lutheran Church. The Church is taking keen interest in developing future leaders for the Seminary development. Also since the Church has changed the policy of making it an ecumenical Seminary, accepting to appoint faculty members and admitting candidates for theological studies from other Ecumenical Churches. In the event, we do not find proper IELC candidates, the Seminary has the right to appoint qualified faculty from other Churches as per our need. This year we have appointed Rev. John Vijayaraj B.A., B.D., M.Th., (Submitted his D.Th. Thesis and waiting for his Viva) from CSI as a core faculty in the Department of New Testament.

III. Library

In the month of March, we have procured around 600 (six hundred) books costing U.S. \$11,000.00 and we are awaiting another consignment of around 500 books worth another U.S. \$ 10,000.00 expecting it to be delivered to us soon, apart from other resources added from the Indian publishers. Kindly see the list of new books added as Appendix 1.

We have bought a few Indian books both from the BTE/SSC and ISPCK and other secular and Christian publishers for the courses.

The matter of procuring journals is taken with upmost care. We have been promised to get the online ATLA and other theological journals which we do not have in ATLA by our partner Church LCMS.

IV. Hostel Facilities

A Building plan for men's hostel has been submitted to the Town planning office and awaiting their approval for the 50 double rooms with kitchen and dining facilities to accommodate 100 people in a three storied building (Ground plus two stories). Provision also has been made to have about five Guest rooms for International visiting professors to be accommodated with an estimate of 4.4 Cr. Approximately. Kindly refer the Building plan attached as a pdf file as Appendix 2. We are still waiting for the approval as soon as the permission is granted, the construction work will begin.

I humbly submit this compliance report to your kind perusal and grant us the permanent affiliation. If you need further clarification and information, I will be happy to submit them to your kind self.

Dr. Samuel W. Meshack
Principal

Facilities:

1. There are six faculty members who reside on campus or at walkable distance. As the priority at this time is the construction of the library, the construction of new faculty quarters has been put on next year's agenda.
2. Married students are provided accommodation at walkable distance from the campus.
3. Seven female students were accommodated in a 1200sq.ft. dormitory. Female staff had not resided in the female dormitory on a long-term basis. ITS has always had a female warden. Since 2011, a 45-year-old woman has served as warden.
4. Male students shall be accommodated three in a room from the coming academic year.
5. Shortly after the Evaluation Commission visit, a water purifier worth Rs. 1,00,000 was installed. Purified drinking water has not only been made available to the students but to the entire community.
6. The current library continues to function in the same place with the addition of a reading room to provide more space for shelving books and a journal section. A minimum of 5 books have been attained in each subject for the first three years of the B.D. program. Book list is attached. Over Rs. 55,000 has been spent on up-grading the library with syllabus books. Books are currently catalogued in the computer library.
7. The Executive Committee is currently reviewing the Policies & Procedures and Service Rules and Regulations. It shall be made available to the staff in the 2012-2013 academic year. Every staff member received an appointment letter upon commencement of service.
8. Dr. S.L. Soto shall commence his duties as Principal on 1st June, 2012.
9. Scholarships with no obligations of up to 20% have been provided to needy candidates. Work-aid scholarships are not only on paper. Many students have made use of this provision in the past. In recent years, students have preferred to pay the already subsidized fee rather than working.

Library:

1. A minimum of 5 books have been attained for each subject for the first three years of the B.D. program.
2. Of the books mentioned in the B.D. syllabus for Sociology, Psychology and Philosophy, 5 books per subject have been attained in each discipline.
3. New journals have enhanced the new and improved journal section.
4. Evangelical literature has been separated from subject books.
5. We are in the process of signing contracts and agreements for the new library to begin construction shortly.

Physical Facilities:

1. A television is available to students in the dining hall, though a separate recreation room is unavailable, our campus is vast and students have plenty of area to spend leisure hours and congregate.
2. More computers with internet facility will be added in the new library. A separate computer lab has been planned in the layout of the new Library. For now, the current computer lab has access to a printer available for student and faculty use.
3. Construction of chapel and staff quarters are goals of the Seminary but at this time the priority is the new library.

Administration:

WC/July/12-Final

1. Steps have been taken to recruit more qualified faculty. The new Principal holds a doctoral degree and Ms. Sobana I. of the department of Old Testament has completed her D.Th. course work. Other interested faculty shall be recommended for higher studies.
2. Construction of staff quarters on campus is a long-term goal of the seminary and shall be completed according to the availability of funds.
3. ITS already has the private provident fund provision for its full-time staff members. Details of study leave are mentioned in the service rules. As mentioned above, interested faculty shall be recommended.
4. The Seminary already has a separate budget.
5. Student leaders are representatives of the student community and their input is valued and well taken. The student leaders shall form a forum to discuss student related issues.
6. The Seminary has had students from CSI, CNI, Methodist, Baptist, Pentecostal, Lutheran, LMS etc. Though the spirit of ecumenism is apparent, ITS is an evangelical Seminary.
7. Our annual staff turnover has improved in recent years. The average length of service is 5-6 years. The Seminary continues to strive to provide better salaries and benefits to its staff members.
8. The improvement of the Library is at the top of the list for growth and development at ITS. Partial funds for the construction
9. As per the recommendation of the Senate, new books in all the disciplines have been purchased. The book list is attached. In each branch especially in the Old Testament, New Testament and Theology several hundreds of Senate related reference books and Biblical commentaries are available. We have also upgraded the journal section.
10. Improved accommodations for students are also at the top of the list of priorities. The female dormitory shall be separated into cabins for better privacy and shall be ready for occupation from the coming academic year. This is a temporary solution to the long term goal of constructing a female hostel.
11. A separate building for married student quarters shall also be constructed according to the availability of funds.
12. Fees structure has been revised which will help to ensure financial independence.
13. ATA courses are handled separately in separate classrooms.
14. Service rules and politics and procedures of the Seminary shall be sent to the Senate upon Executive Committee approval in the annual meeting in June 2012.

Senate Recommendations:

1. ITS has taken note of all the Senate suggestions and has implemented or is in the process of implementation.
2. ITS has faculty members in all required disciplines mentioned in the Evaluation Commission Report: Old Testament, Religion, Christian Ministry, Sociology, Psychology and Philosophy.
3. Dr. S.L. Soto shall commence duties as Principal on 1st June, 2012.
4. Steps to better equip the library with books and journals have been taken and all the new books are being loaded in the computer library and will be ready before the coming academic year. A list of new books and journals is attached.

Conclusion

GGM's Indian Theological Seminary has taken and is continuing to take various steps to upgrade itself to the standard set by the Senate of Serampore for the B.D. course. We hope and pray that the improvements made will be satisfactory to admit students in the 2012-2013 academic year and that the Senate will permit this privilege. We thank the Senate for the encouragement, prayers and support. It is indeed a blessing to be a part of the Senate family as we continue to train and equip men and women for Church and Mission ministries. It has been two years since we have received provisional affiliation for B.D. Our growth is step by step like a growing seed. I request the Senate to continue to encourage us and inspire us to rise to new heights of theological learning.

Appendix VI

Following decision of the Senate, and its concerned committees, it is helpful to those institutions that are not in a position to introduce BD programme under new curriculum and syllabus, and are provided with a special provision of the continuance of BTh:

- a. The Committee was informed that there are seven church-sponsored BTh seminaries, including two in Sri Lanka and Bangladesh, which are not in position to initiate BD programme. Theological College of Lanka, Pilimatalawa, Sri Lanka did initiate discussion with the churches which feel that they still need BTH courses for the sake of convenience as well, as per their needs for ministers. (EC/89/11; WC/27/11; Ref. WC/63/10, p. 229; Sen/25/11 E)
- b. Continuation of B.Th. Course (Sen/22/2012; page no. 135 of 2011; EC/89/11, WC/27/11; WC/63/10, p. 229; Sen/25/11 E)
 - i. Seminaries/colleges that are sponsored by the churches, and are offering BTh courses only, be allowed to offer BTh courses for five years (2012-17);
 - ii. Senate shall conduct comprehensive examination as it does in case of colleges in Sri Lanka;
 - iii. Students under such registration shall be allowed to appear two courses per year as comprehensive examination.

As such, affiliated institutions that are opting to continue with BTh course under comprehensive system for another five years are requested to inform the Senate by June 15, 2012.

The following guidelines may be helpful for the colleges opting for BTh programme under Comprehensive System:

WC/July/12-Final

2. Twenty-four Courses are conducted as per BTh Regulations and prescribed syllabus.
3. Suggested schema for the courses is as per the attached enclosure-I.
4. There shall be no Senate examination in the first year, though the colleges shall conduct the examination of the courses taught at the end of the term/semester, and the marks submitted to the Senate as usual.
5. Colleges shall submit Examination Entry of the College examination to the Senate as per schedule (normally in October-November), and the results of each student in the prescribed form to the Senate every year at the end of academic session, on or before May 20th.
6. Students shall appear in the first Comprehensive Examination at the end of Second year in three papers.
7. Before a student is allowed to proceed to the Comprehensive Examinations, Principal of the college/seminary shall certify that the candidate has satisfied the requirements in respect of course examinations.
8. Papers for the First Comprehensive Examination shall be: Old Testament, History of Christianity, and Region and Society.

13. As all papers, Senate as well college, shall be evaluated by two examiners, Senate should not entertain any request for revaluation.
14. Students shall have to complete the course in the maximum time of seven years.
15. College should see that while teaching particular courses, students should also be taught to think, and reflect on the subjects-taught in comprehensive way.
16. The Colleges shall encourage course teachers not to cover the entire syllabus by lectures, but rather persuade students to read and writing assignments.
17. Colleges may add seminar classes in the second semesters for revising the courses in comprehensive way.
